8. Eliminate Week

Every 15 minutes, a newborn baby dies from tetanus. It is excruciating, and parents can only watch. The baby's sensitivity to light, sound and contact prevents even the comfort of a mother's touch. You can help protect that connection.

Since 2010, Key Club members have teamed up with the entire

Kiwanis family and UNICEF to help save and protect women and their future babies from tetanus with The Eliminate Project.

Through The Eliminate Project, the Kiwanis family is changing the world. To date, we have helped save and protect lives by eliminating maternal and neonatal tetanus (MNT) in [24 countries](#).

This year, Key Club International is projecting to raise US\$700,000 as part of Key Club's US\$3 million pledge to The Eliminate Project. You can help meet that goal by participating in The Eliminate Project Week from May 7 to May 11. Let's help finish the fight against tetanus and protect mothers and babies from this deadly, but preventable disease!

All Key Clubs of Division 26D are required to participate in the Eliminate Week.

Make it Known Monday- Strategize amongst your clubs to find innovative ways to make your school aware of what the Elimination Project is and why your seeking funds. You can put the event in your schools bulletin/newspaper , create flyers and put them up around your school, announce it in your schools assemblies, etc.

Toss it Out Tuesday: Encourage your members to give up something they frequently buy (i.e. a cup of coffee or a cookie at lunch). With the money you save, you can make a small donation to The Eliminate Project! Every dollar counts.

Why It Matters Wednesday: Show the impact of our fundraising efforts! Find ways to share with your club members and school on our efforts and help them understand the effect of The Eliminate Project. Let them know that Key Club and Kiwanis' fundraising efforts are saving and protecting lives.

Throwback Thursday- On Thursday, showcase a throwback photo

for mothers and babies affected by maternal and neonatal tetanus. Share a photo of any projects you've done to raise awareness for mothers and babies who are affected by tetanus. You can showcase photos around your school, putting them in areas where students and members of staff are more likely to see them.

Fundraising Friday- On this day you can raise money for the Eliminate Project by having a bake sale in your school, doing a collection drive , etc.

All money collected can be given to Ruud Van Der Pluijm you can contact him via email ruudvdp@gmail.com or Via telephone +1 (345) 947-9956.

10. Governor Sohayla's Project

Governor Sohayla's Project is Keys To Educate which can be used to unlock any challenges preventing an individual from opening their doors for the future. Education is the Key to Empower, Governor Sohayla's steps to achieve her goal is to connect, involve and empowering. By connecting, connect state-level education advocacy organizations with colleagues across the district to amplify their voices and maximize their impact by working with organizations such as Read ConMigo. The next step is to involve, increased involvement with foster kids who were abused and neglected, youth juveniles who seek the chance of becoming successful, and children and adults with mental disabilities or illness. Her last step is to empower, empowering our district through monthly webinars and forming student coalitions to not only spread ideas but create friendly atmosphere to promote strong emotional health and support. Further details will be provided in the next MEB.
