## Governor's Project

The theme of this year's Gov project is "Shaping Tomorrow by Teaching Today". This involves mentoring and teaching children up to about 14 years of age. All clubs should do projects to leading up to the Project day next March.

## FLOF

...also known as the Florida Opportunities Fund. It provides money for Key clubs to do projects which they may not be able to afford. Clubs are able to apply for \$100 up to \$1000! If you have a great project in mind and need some cash ask me for an application form!

## LTC

From June 1 - 3 I attended a Leadership Training Conference with the other FL Lieutenant governors. I learnt a lot from this and I hope it will help me to serve you all better!

## Hey Everyone!

I know that the past month has been very busy for many of us! Hard to believe but we are almost through a third of the KC year! Congratulations to all of you who have recently graduated and to everyone that was doing their end of year exams I hope you did very well! Throughout the summer I encourage every club to try their best to stay active even though it may be difficult due to trips, summer jobs, transportation, etc. You can volunteer with organizations i.e. Humane Society or just get together some friends on a weekend and do a beach clean up! I am preparing to go off to ICON and I hope that I will be able to share my experience with you all when I return. Have a safe and fun summer and I will see you all soon!

Your LTC,

Martina Jackson

Send me your pictures and they could appear on next month's newsletter!

## Plan Ahead!

In order to have a successful year it is usually best to plan ahead! Also try to ensure that your activities do not conflict with Key club meetings!

Have a great summer break!
