Division Project

Issue 2 June 2011

Hey Guys! (: I hope all is well & your blood is pumping up for more&more service projects for you to be involved in xD. As most of you know if you attended my May DCM & if your club officers may mention to you, I have a division project that will last the whole “Key Club” year, so until May next year.

My division project is from the Governor's project. The service project is working and mentoring kids from adoption and foster homes here on is-land. I am going to get in contact with the Department of Children and Family Services which is government based and tell them what I want us Key Clubbers to do with these children they have in the adoption and foster homes, but first I want to give them a figure of how much Key Clubbers will be part of this.

This project is basically making us Key Clubbers getting paired up with a child and spending quality time with them(: Every two weeks we will go out with these kids as a division and do some fun interactive activities with our little partner and getting to know them better. We could go beach, movies, the park & etc! We will be the big brother and sister to these children and gaining a special bond with them. I want us to help these children to go on the right track in life because we see everyday how children are doing things they're not suppose to do.

I really need committed members to do this project, that will take out their time for this kid they'll be paired up with. Once your in you can't back down; until emergency reasons. Please email me back for more info. or if interested ;) **ASAP!!!**
